Our Journey

Since 1995, ARJE has been a trusted name in high-quality cleaning products, setting industry benchmarks for innovation, sustainability, and manufacturing expertise. From humble beginnings with natural grass brooms to a diverse range of modern cleaning tools, we've grown into one of India's largest manufacturers and exporters, with a strong presence in the international markets.

Guided by our vision to be the global leader in sustainable home cleaning solutions, we are committed to delivering durable and efficient products that make everyday cleaning easier. With over three decades of experience, a proven track record, and a wide distribution network, ARJE stands for trust, performance, and reliability.

Partner with us and gain access to a premium range of cleaning tools at competitive prices—crafted to create a cleaner world.
